***Response to Amendment***

This Office Action is in response to a communication made on April 13, 2006.

Claims 1, 4, 7, 14, 18, 20, 22-29, 31, 33-34, 42, 46, 48, 50-56 have been amended.

Claims 2, 10, 12, 13, 19, 30, 38, 40-41, and 47 have been cancelled.

Claims 1, 3-9, 11, 14-18, 20-29, 31-37, 39, 42-46, and 48-56 are pending in the application.

Claims 1, 3-9, 11, 14-18, 20-29, 31-37, 39, 42-46, and 48-56 are allowable over the prior art on record.

***Reasons For Allowance***

The following is an examiner's statement of reasons for allowance:

The Primary Reason for Allowance is that the examiner has found that the prior art of record does not teach or suggest or render obvious a system or method for integrated control of at least one communication service using integrated service controller for performing prioritized message processing, service profiles, and multi-service profiles. More specifically, the prior art does not disclose or teach a communications network with an integrated services controller communicating with system entities, receiving a message registration list for service notification and prioritized message processing, a profile with service-specific parameters that the ISC automatically merges into a shared merged multi-service profile.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably

accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
